

STEPS TO PREPARE ROAST MEAT

The first step is to go to the butcher shop to buy the meat

The second step is to go buy the coal to set on fire

The third step is to bring things home

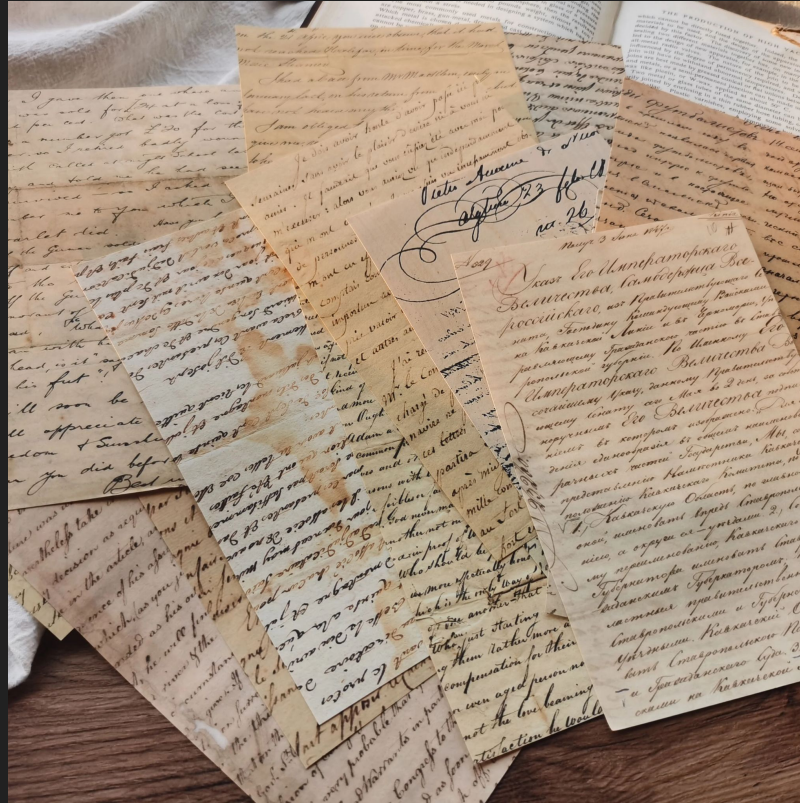

The next step is to salt the meat

Then you put a sprinkle of black pepper

Then you have to look for paper to light the fire

Place the charcoal on top of the grill

Now you have to set fire to the papers and wait for the charcoal to ignite

Put the charcoal on under the grill

Then keep putting the meat on the grill

After a while you have to turn the meat

When we see that the meat is done, the meat must be removed

Then remove the meat from the grill

Then keep cutting the meat

Finally serve the roast to each person and enjoy
